Irrigation Systems

Several of Sandy City's irrigation systems are very old, making it difficult to have all of our parks watered by 6 a.m. When we set the watering schedules, we keep in mind that our citizens will be using jogging paths, tennis courts, etc. We try to water these areas over night. Due to the design of some parks, this does not keep water off the paths in the morning. We are in the process of upgrading our irrigation system to alleviate the limitations of our older sprinklers. The irrigation crew is installing computerized irrigation systems and also looking at installing new mainlines and valves in certain parks. This will help with water conservation and shorten the water window. The Parks and Recreation Department is dedicated to conserving water this year and in the future. If you have any concerns or questions, please call us at 568-2900.

Graffiti & Vandalism

Please help us keep our parks clean and safe. If you see graffiti, irrigation problems, vandalism, etc. please contact us at 568-2900 Monday-Friday between 8 a.m. and 6 p.m. After hours and weekends, please call Police Dispatch at 840-4000.
